FIFTY-YEAR MEMBERS — Present at the 75th anniversary celebration of Alder River Grange were the five 50-year members shown above. In front, left to right: Agnes Haines, Fay Kimball, Leslie Noyes, Grace Buck, and Robert Hastings. Standing in the back is Maine State Grange Master James Shores.

Alder River Grange Celebrates 75th Anniversary Last Saturday

Alder River Grange #145 celebrated its 75th year of existence last Saturday evening at its hall in East Bethel. A corn and hot dog roast was enjoyed before the official commemoration.

Leslie Noyes, Master of Alder River Grange, greeted the more than 75 present. Myra Foster, Lecturer, and Mistress of Ceremonies, played the national anthem and led the flag salute.

Recognition of guests included remarks from the State Master, James Shores, the State Deputy, Lewis Bisbee, State Representative Karen Brown and area granges. The historic perspective of 75 years was provided by Stanley R. Howe, Treasurer of Alder River Grange and Director of the Bethel Historical Society.

In his address Howe explained that the grange was organized on June 20, 1904 at Mount Abram Hall in Locke Mills, which once stood across from the present Bob's Corner Store. The name was apparently taken since Alder River flows in front of the site of the hall. W. S. Larabee, State Deputy, was in charge of this meeting.

According to Howe, the first officers of this grange were Master, Frank Abbott; Overseer, Henry Edson Bartlett; Lecturer, James Swan; Steward, Eugene Bean; Assistant Steward, Orlando B. Farwell; Chaplain, Lizzie Bartlett; Treasurer, May Farwell; Secretary, Hester Kimball; Gate Keeper, Edgar Swan; Ceres, Linnie Abbott; Pomona, Carrie Bartlett; Flora, Nina Swan; Lady Assistant Steward, Jennie Swan. These officers were then installed by Deputy Larabee and the unwritten work of the grange then exemplified by the State Deputy.

On July 3, 1904, a special meeting continued on Page Eight

Severed Cable Interrupts Phone Service at Andover

Telephone service to and from Andover was interrupted Monday evening, Aug. 20, as the result of a severed underground cable carrying toll circuits to the exchange. The break, in a cornfield between Andover village and the Ellis River, occurred about 7 p. m. and affected all incoming and outgoing long distance calls as well as calls between Andover and Roxbury Pond. Except for four customers on the Roxbury Pond Road, local service within Andover was not affected.

According to a spokesman for Continental Telephone at Raymond, repairmen worked throughout the night and had the toll lines back in service by 3 a. m. Tuesday. The remaining circuits were restored late in the day. A telephone company line crew was due in Andover on Wednesday to place a new cable in the ground and restore service permanently.

M. S. A. D. #44 Directors Delay Action On Attendance Policy and Computer

At their meeting on Monday evening of this week at Telstar Regional High School the M. S. A. D. #44 board of directors tabled further action on a "School attendance Policy" until Sept. 24, and the question of whether or not to purchase a computer was tabled until Sept. 10.

The board appeared to be generally in agreement with the philosophy of the proposed policy, i. e. to encourage regular attendance. Many questions were raised as to a consistent, impartial implementation of a policy of this nature.

ANDOVER WOOD PRODUCTS PLANS "OPEN HOUSE" ON WEDNESDAY, AUG. 29

Andover Wood Products has announced its plans for an "Open House" to be held on Wednesday, Aug. 29, from 10 a. m. to 3 p. m. There will be guided tours of the sawmill, plant and facilities that will provide everyone with a good idea as to how native softwoods and hardwoods are converted from logs into lumber and then into quality furniture panels for use throughout the furniture industry. There will also be balloons for the youngsters and refreshments for everyone.

As a major employer within the Andover area, the company feels that anyone interested should have the opportunity to see just what the "mill" is like and the various people (and occupations) essential to a successful operation. Families of employees, friends, and the general public are invited to attend. Information by representatives of the IBM Corporation, the directors de-

k - tendance as it's a job to clean the house and prepare lunch with having in mind serving a dozen or so and only three turned out. Nancy Mason, daughter, Patty Thurlow and Olive Davis, Nancy's husband, Earle Mason and the boy came for the entertainment. Mr. Koskela showed his down east pictures and local picture on Mollycrock Mr. etc. They were very good. The members seemed too busy with other commitments, rug cleaning, church committee meetings, school board, etc.

Thirteenth was a good day for me. I had callers at noon when Albert Downing and Fred Waterhouse dropped in for a few minutes. Then Helen Tucci called for a couple of hours and Mr. and Mrs. Ruth Barnett from South Paris called an hour or so. In the evening I went to Eleanor Koskela's Willing Workers meeting.

Thursday Helvi Tucci invited me to go on a ride to Pinkham and Crawford Notch. We stopped at several places of interest. The Atash and Cog base station had the largest crowds. There were a lot of hikers out on the trails. Everyone was taking advantage of the weather. As we came through Gorham we called on Mrs. Bernice Perkins who has returned home from the hospital. Her broken bones are healing well and she is able to use a walker some.

Thursday night we attended West Paris Grange and Friday night Oxford Grange. Saturday we were at the Alder River Anniversary celebration, cook out and special program at East Bethel.

Johnna Runyon spent a few days with her grandparents, Mr. and Mrs. Linwood Andrews recently. Mr. and Mrs. Nicholas Clements and boys went to Swansville to attend their family reunion which was held at Mrs. Fannie Brazier's home on Sunday, Aug. 19.

Deven Andrews was in Liberty, Sunday, playing with Elton Record and Northern Junction.

NOTES FROM THE
CHAMBER OF COMMERCE
Reply from Energy Office
on Gas Situation

"Under the allocation system established by the Federal Energy Guidelines, retail service stations receive a percentage of the purchases made from their supplier in the corresponding month of the base period year, November, 1977-October, 1978. This percentage is determined by the distributor's allocation fraction which varies from company to company. A distributor cannot deliver more or less than a station's allocation unless the station falls under the classification of a company owned outlet. Companies which own a number of stations can move up to 30% of the gallonage of one outlet's allocation into another. Service stations experiencing hardship under this system have two options. The first is to file an exceptions letter with the DOE to get an increase in their allocation and the second is to request assistance through the state set-aside program from the Fuel Allocation Office. Stations in the Bethel area should contact our office on an individual basis and we will explain these options in greater detail.

"Last month, service stations in the town of Bethel received a total of 12,000 gallons of state set-aside, an amount slightly greater than the average release to towns of comparable size. As of today [Aug. 15], two requests have been received and resolved from Bethel and a total of 8,000 gallons has been released. It is extremely important that stations in the area contact the Fuel Allocation Office as soon as possible if they anticipate a several shortfall. We will make every effort to assist these stations."

Chamber Membership

During the coming week, the Secretary will be sending out dues notices to those businesses who have indicated an intent to join the chamber this year but have not yet paid their dues. In addition, invitations will be sent to new businesses in the area that are not now members. The chamber's primary means of financial support comes from membership dues and from member advertising in brochures. The larger the association's membership becomes the more active this chamber can be in areas that can potentially sup-

— tendance as it's a job to clean the house and prepare lunch with having in mind serving a dozen or so and only three turned out. Nancy Mason, daughter, Patty Thurlow and Olive Davis, Nancy's husband, Earle Mason and the boy came for the entertainment. Mr. Koskela showed his down east pictures and local picture on Mollycoket Mt., etc. They were very good. The members seemed too busy with other commitments, rug cleaning, church committee meetings, school board, etc.

Thirteenth was a good day for me. I had callers at noon when Albert Downing and Fred Waterhouse dropped in for a few minutes. Then Helen Tucci called for a couple of hours and Mr. and Mrs. Ruth Barnett from South Paris called an hour or so. In the evening I went to Eleanor Koskela's Willing Workers meeting.

Thursday Helvi Tucci invited me to go on a ride to Pinkham and Crawford Notch. We stopped at several places of interest. The At-tash and Cog base station had the largest crowds. There were a lot of hikers out on the trails. Everyone was taking advantage of the weather. As we came through Gorham we called on Mrs. Bernice Perkins who has returned home from the hospital. Her broken bones are healing well and she is able to use a walker some.

Thursday night we attended West Paris Grange and Friday night Oxford Grange. Saturday we were at the Alder River Anniversary celebration, cook out and special program at East Bethel.

Johnna Runyon spent a few days with her grandparents, Mr. and Mrs. Linwood Andrews recently.

Mr. and Mrs. Nicholas Clements and boys went to Swansville to attend their family reunion which was held at Mrs. Fannie Brazier's home on Sunday, Aug. 19.

Deven Andrews was in Liberty, Sunday, playing with Elton Record and Northern Junction.

NOTES FROM THE CHAMBER OF COMMERCE

Reply from Energy Office on Gas Situation

"Under the allocation system established by the Federal Energy Guidelines, retail service stations receive a percentage of the purchases made from their supplier in the corresponding month of the base period year, November, 1977-October, 1978. This percentage is determined by the distributor's allocation fraction which varies from company to company. A distributor cannot deliver more or less than a station's allocation unless the station falls under the classification of a company owned outlet. Companies which own a number of stations can move up to 30% of the gallonage of one outlet's allocation into another. Service stations experiencing hardship under this system have two options. The first is to file an exceptions letter with the DOE to get an increase in their allocation and the second is to request assistance through the state set-aside program from the Fuel Allocation Office. AUDIO NEWSPAPER CONDUCTS "HAND-ON" TOUR

VOICES, Inc., producers of weekly audio newspapers for the print handicapped, was visited by Mrs. Norma Krajcar, Executive Director of New Jersey Commission of Blind Services, while vacationing and visiting relatives in Bethel. Mrs. Krajcar, blind herself since 18 years of age, was given a "Hands-On" tour of the new local facility to tactually learn how her VOICES papers are produced and circulated. VOICES Editor, Connie Hindman, described the color schemes used in recording studio and circulation departments. Mrs. Krajcar acknowledged this significance, "color is an adaptive tool used to facilitate low vision." She was also able to meet the voices she hears on a regular basis and other VOICES staff who do not record, but are vital to the VOICES publication and circulation schedules. Norma describes her weekly audio papers from rural Maine "as a breath of fresh air." Like most urban commuters, Krajcar reads her newspaper commuting to work; she uses a small portable cassette player and ear plugs.

Charles Farrar, brother of Mrs. Krajcar and local U. S. Postal employee, examined VOICES innovative mailing cartons, sorting techniques and zip coding procedures. VOICES Editor informed the guests the "VOICES" goal is to attain a weekly circulation of 37,000 individual print handicapped readers in Maine. "VOICES provide a supplemental support system to enhance their Independent Living Skills," she explained.

Another honored guest was Sue Farrar, author of "Samantha on Stage". Arrangements are being made for Mrs. Farrar to record her story on cassette tape for print handicapped VOICES consumers.

C. Stephen Wheeler, VOICES System Coordinator, demonstrated reading, recording and duplicating techniques utilized at the studio for quality control. Wheeler has recently engineered and constructed the sound proof booth and studio facilities. "The booth is designed to eliminate CB and other interference. The walls, ceiling and floor are lined with special acoustic materials and covered with 20 sq. yds. of rubber packed pile carpet," he explained. "All windows are double paned for sound and heat efficiency. We have over 165 panes of glass," he added.

Mrs. Ann Cross, Circulation Assistant, described her volunteer services and monitoring methodology. VOICES Editor informed guests that a formal Open House and ribbon cutting is scheduled for September. "VOICES is the voice of Maine in transition. VOICES is the only Communication Center of its kind in Maine," she concluded.

VOICES is a private non-profit facility. No State and/or Federal monies are utilized. Contributions and donations are tax deductible. For more information, write VOICES, Inc. P. O. Box 603, Bethel, Me. 04217.

Part II, from the sermon, July 29, 1979, by Bert Griffith, pastor, West Bethel Union Church: The Holy Spirit Convicts the World of Righteousness.

Scripture, John 16:7-11, "Nevertheless I tell you the truth; It is expedient for you that I go away; for if I go not away, the Comforter will not come unto you; but if I depart, I will send him unto you. And when he is come, he will reprove the world of sin, and of righteousness, and of judgment: Of sin, because they believe not me; Of righteousness, because I go to my Father, and ye see me no more; Of judgment, because the prince of this world is judged."

What is the meaning of righteousness? In some places of scripture righteousness is inferred to mean common-sense justice. In this text, John 17:11, it means the active and passive obedience of our own minds, the perfect personal, all-sufficient righteousness wrought through the eyes of Christ at Calvary. The Christian today is an evidence of the righteousness of Christ. In Verse 10, he convicts the world of righteousness "...because I go to my Father and you will see me no more..." He could go to the Father and say, "The job is done. It is completed." "He did not have to go back and tie up loose ends. Jesus didn't practice 'planned obsolescence.' He did it right the first time. Jesus Christ has finished the work and 'to as many as receive him, to them gave he the power to be children of God.'"

How do we receive him? By FAITH. Simple, blind, obedient, faith. Don't forget that Lordship and Salvation are hand in hand, and when you receive Jesus Christ, you receive him as Lord of your life. You let Him run your life. Yes, the importance of the work of the Holy Spirit is convicting the world of righteousness. Whatever function, whatever foundation or schemes of men may reign, there is no other way. "I am the way, the truth and the life. No man cometh unto the father but by me." (John 14:6). Some people will try to convince you that they are personally good. Some will try to convince you of the brotherhood of man. Some men are convinced of the goodness of God. They forget that God's judicial spirit is ABSOLUTE. Unless you have been truly born again, all the mental assent in the world will never convince God that you are righteous in Christ. You must open your heart and invite Christ in—purely—because you want to—because the Holy Spirit is convicting you that you should.

(Part III—Conclusion—The Holy Spirit convicts the world of Judgment.)

WALKING WITH JESUS CHRIST Nothing ever changes—who said that? Why, we can see the world changing—prices go up and moral values go down—the world grows more wicked and troubles abound—while more and more people are coming to Christ with lives renewed and enriched certain in the knowledge that God is still in the business of saving people.

The world is in turmoil over rumors of wars—fuel oil and food shortages—frustrations grip the hearts of people. What shall we do? We have tried our way and see the results?

The world says man came from monkeys. The Bible says God created man. Those who turn to Christ see how wrong and foolish they were—they now want to tell others of their new found joy.

The Bible says we don't know what it's all about until we get right with God and let Him run our lives. "For the wisdom of this world is foolishness with God." I Cor. 3:19. We run in circles much as the Israelites did—for 40 years on a march when it's only an 11 days walk from Egypt to the Holy Land.

Jesus Christ came from Heaven to live and die for us—He bled on the cross—rose again into Heaven "where He will judge the quick and the dead" I Peter 4:5 & 6.

We live—as it may be said—here on earth as a testing ground—we hear the Gospel (good news) that Christ died for our sins "which things the (Heavenly) angels desire to look into" I Peter 1:12. Our lives are but short in comparison to eternity which is forever and ever. Life without Christ is but a drudge, getting up in the morning and going to bed at night—everyday the same thing, while life with Christ is full of anticipation—holy and sanctified—saved—reserved for a place in Heaven. Heaven is a place not yet revealed—a place of lavish beauty and worship to a Triune God—magnificent—for the redeemed of the ages—AND all for the asking—free because of Jesus Christ—paid for.

Why settle for less which is hell? Fred Werner Bethel Gospel Center. Christian Missionary Alliance

Greenwood City — North Paris

— Mrs. Collette Morgan, Corres. —
Last week I wished for a jaunt in the woods. Today I went. Ruth came and we left the hardened arteries that stitch today's countryside and went to an unpretentious road leading beside a singing brook, shadowed creeks, and through hard wood and soft wood growth. It twisted and curved and dipped into hollows. Water and mud stood in these low places and ruts were predominant; made by jeeps.

Not far from the entrance to the road were the miles of bushed out land where the power lines passed.

Of course there is always a stone wall, half hidden by bushes, trees, goldenrods, and asters.

Now and then we came across Indian pipes in shining groups; weird flecks of light in one shadow of the woods. If their prayer-bent heads are touched, their snow in heads; turned black. To see clusters of these wax-like flowers nodding in the deep woods is fairy-like. They spring from a ball of matted rootlets and are parasitic.

Each time we found a fungus, it was of a different color. We saw pink, yellow, brown, white and orange.

Occasionally we saw a lone flower or two or three of one kind. Each one isolated is a monument to the adventures of some traveling seed. Then one wonders what combination of circumstances established them in this particular spot.

Before entering the deeper woods there were milk weeds; pods tightly packed with silk-like seeds. Soon they'll shimmer in the air, resembling the mists that now rise from the waters in early morning. They are real sailors of the air with their parachutes. Each carries its germ of life, a fragile load, to start next year's growth.

A few bushes of blackberries were turned where there were openings. Blackberries are extroverts; they want to be seen so fold their handsome berries to the sun. We sampled a few but they weren't fully ripe.

A few sprinkles came and we wondered if it would become heavy.

At the end of the road we came to a pond's edge. There was the dazzling water and cool, soft shades of leaves.

Looking up at the cliff we wished we were at the top. Then we spoke of going this fall, carrying a lunch and spending the day.

"These are things we dream of. When summer days are done, Such memories stay within our hearts."

In the glow of the setting sun,"
Joan MacDonald

We saw an abundance of red berry-like fruit; stems long, round as peas, same size, growing on bushes four to six feet high, leaves shaped like those of apple trees. Neither of us knew what they were. They were beautiful to look at.

We traveled around on the fern-carpeted woodland floor that slanted to the pond's shore.

Leaving the calm of the cool shady valley and the edge of the pond by the hill; we left for home facing a soft soothing breeze. The sun was streaking gold on the fields of green to end our lovely day.

Timothy and Cindy Hayes returned from a wedding trip to Nassau and were at the Hayes Homestead last week. They left for New York on Friday, as Mrs. Erwin Hayes and sons did. Ann Holt visited her brother, Robert, in Windsor, and her brother, David, in Princeton, last week.

Sunday River

Mrs. R. M. Fleet, Corres.

Sent in by Eva Yates:
One more week of August gone by. How time does pass us by. Thank God we had been getting that much needed rain and it has been cooler. Friday the 17th it was 38° at our place early and I was told it was 32° in places. That's just too cool for August but there have been other years with frost every month so why not 1979?

John Menario from Portland called on Peggy Blake Tuesday afternoon.

Jack Dennis and mother were at the Yates' Monday for string beans.

Verna Swan of Bryant Pond was a caller and supper guest of Eva and Joe Yates Wednesday. Always glad to see Verna.

Peggy Blake was in Rumford Friday a. m. to see Dr. Sherwin. Her neck is a bit better. Friday p. m. Eva, Russell and Peggy went to Berlin, N. H., shopping.

Saturday p. m., Russell, Peggy and Eva left for East Bethel to help Alder River Grange celebrate their 75th anniversary. A picnic supper was held, with the Grange cream and cake. There was a lovely program. I know of no ladies who could have modelled

Russell and baby Jennifer of Dixfield, were supper guests of Mrs. David Foster Sunday. Mr. and Mrs. John Foster and little Sarah Wickman of Andover also visited Mrs. Foster Sunday.

Mrs. David Foster went to Lewiston Friday with Mrs. Richard Stearns and Miss Linda Stearns of Rumford Corner.

Miss Wanda Hamlin and Rich Jennings of South Waterford, visited her grandmother, Mrs. David Foster Sunday afternoon.

those gowns of the years as well as those gents did. It was perfect for a laugh anyway. Everyone there I know had a good time. Those that were not there I feel sorry for and last but not least, after all the other stuffing we were treated to a most beautiful anniversary cake and punch. What a good party.

Charles Bean was at his camp over the week end.

The work day at Bear River Grange, Aug. 19, was postponed on account of rain.

Mrs. Myrna Carter is expecting her exchange student to arrive Aug. 21.

Mr. and Mrs. Robert Pitre

PITRE - DENNIS

Within "Artist's Bridge" at Sunday River in Newry, the marriage of Debbie Lynne Dennis and Robert Dominick Pitre was solemnized on Aug. 4. The bride is the daughter of Mr. and Mrs. W. Jack Dennis, Sunday River Road. Mr. and Mrs. William J. Pitre, Sr., Jackson Heights, New York City, are parents of the groom.

Rev. Michael Adams, North Windham, officiated at the double ring ceremony. William McCullough, Buxton, furnished traditional wedding music at the organ.

Escorted to the altar by her father, the bride wore an organza gown en train trimmed at the bodice, lantern sleeves and hemline with cluny lace. A silk bow accented the natural waistline. Her lace-appliqued picture hat supported a veil trimmed with seed pearls. She carried a colonial bouquet of red sweetheart roses, stephanotis, white mini-carnations and baby's breath.

Bonnie Dennis was maid of honor for her sister. Bridesmaids were Ann Chaisson, Raymond; Margaret Norton, Portland; Karen J. Healey, Tewksbury, Mass., and Kimberly A. Crawford, Boxford, Mass. Their old-fashioned print gowns of dainty pink and lavender flowers on a white background were trimmed with lavender silk ribbon. Each wore a wide-brimmed lavender picture hat and carried a basket of mixed wild flowers, except the maid of honor whose basket also included lavender roses.

The flower girl was Jill Lee-Ann Wright, of Harrison. Her lavender and white lace-trimmed dress was accented with a lavender silk ribbon at the high waistline. She carried a family heirloom basket filled with rose petals.

William J. Pitre, Jr., Jackson Heights, was best man for his brother. Ushers were Scott A. Dennis, Newry, brother of the bride; William C. White, Bronx, N. Y.; William M. Burke, Cambridge, Mass., and Glenn I. Wright, Harrison. Mark Fabish, Hahokus, N. J., was ring bearer.

The bride's parents' home was the setting for the reception where Kelly Thomas Wright, Harrison, circulated the guest book. Favors

were passed out by Kris Wright, Harrison, and William J. Fabish, Hahokus, N. J. A feature of the buffet luncheon was the wedding cake decorated by Mrs. Thirza Herrick, Bethel, adorned with a china bride and groom used on the bride's maternal grandparents' wedding cake.

The bride, a graduate of Telstar Regional High School, is attending St. Joseph's College, North Windham, in the nursing program. Her husband, a graduate of St. Joseph's College, is employed as a counselor at Merry Meeting Farm, Kezar Falls.

ALDER RIVER GRANGE CELEBRATES 75th ANNIVERSARY

continued from Page One
ing was held to decide the move to East Bethel and in September of that year plans were made to build a hall on land donated by James M. Bartlett, F. B. Howe, Eugene Bean and George K. Hastings were named to the hall committee. In October, 1905, \$200 was borrowed to finish the hall and the first meeting was held there on Nov. 24, 1905. From the beginning the hall was a community center used by the school for their special activities, and also for dances, socials, showers, card parties, and meetings. It continues to be so today.

Probably the greatest period of grange activity in East Bethel was in the 1950s when the order was heavily involved in community projects and improving the hall. During these years, Alder River Grange won several state awards for such projects as maintaining East Bethel Cemetery, painting and repairing the East Bethel Church, purchasing milk for the East Bethel School lunch program and building a new kitchen and wood shed on the hall.

In Howe's view the Grange can still be a force in the community and he closed his remarks by expressing hope that the grange would undergo a rebirth and as a family and community-oriented organization it would prosper as a result.

Following Howe's historical perspective, a fashion show was held featuring ladies' fashion through the years from 1904. The audience thoroughly appreciated George Haines as a lady of 1904, Rodney Howe as a flapper of the 1920s, Russell Yates as a belle of the 1930s, Alvin Stevens as a femme fatale of the fabulous fifties and Richard Stevens as a mini-skirted Raquel of the soaring sixties when skirts soared and eyes fell.

Musical entertainment following the fashion show was provided by Carl Brooks, Charlotte Cole and Richard Felt from Franklin Gange in Bryant Pond.

The 75th birthday cake was cut by Agnes Haines and served with Strawberry punch following the festivities.
